While providing insights into the current state of factoring market, this 75 minutes webinar (with Q & A) will additionally enable the attendees to:

- ✓ understand the COVID-19 Impact on Supply Chain Finance providers,
- ✓ evaluate the status for sellers, buyers (SMEs in particular), financial institutions and credit insurers,
- ✓ identify the financing solutions required to roll the wheel of the supply chain after the markets pick up steam,
- ✓ pinpoint the remedies and recommendations on how to manage the negative impacts.

This webinar is meant for EMEA region, participants from other regions are also welcomed. Note that more webinars of this series will be organised for the other regions as well.
