

Facilitating Open Account – Receivables Finance

# Supply Chain Finance Trends, Challenges and Opportunities in the post COVID-19 era Webinar

**When: Tuesday 9 June,  
16:00 CET - 10:00 EST**

This webinar is organised in consistency with our commitment to keep our industry informed on the impacts that our community was experiencing in tackling this unprecedented situation as well as educating the stakeholders on receivables finance related aspects.

This online event will focus on the trends of the market in response to the current situation, what are the challenges for the future resilience of the supply chains and which opportunities could appear under this field.

Led by Ms. Monica Martin Blanco, FCI Supply Chain Finance Consultant
