

# International Factoring as a tool for Receivables Management and Financing in Bangladesh

**When: 8 September 2020**

**10:00 CET - 14:00 Bangladesh Time**

**Specially designed for audience from Bangladesh**

FCI and BIBM (the national training, research, consultancy and education Institute in Banking and Finance in Bangladesh) organise a joint webinar to promote International Factoring as a tool for Receivables Management and Financing.

Since the 30th June 2020, the publication of the F.E. Circular 25 by the Foreign Exchange Policy Department of Bangladesh Bank, the Central bank authorizes to offer international factoring. We anticipate Bangladesh becoming a significant export factoring market being one of the largest exports of wearing apparel in the world today.

The 120 minutes webinar will include:

- International Factoring
- Factoring in South & Southeast Asia
- Introduction to FCI
